

# Instructions for accessing the HSR&D Cyber Seminar Archived Sessions on WebEx

Go to <https://hsrdtraining.webex.com/>

Click on **Recorded Sessions**

The screenshot shows the HSR&D Cyber Seminars WebEx interface. The browser window title is "Computer Technology Services - US Veterans Affairs WebEx Enterprise Site - Microsoft Internet Explorer". The address bar shows the URL: <https://hsrd.webex.com/hsrd/mywebex/default.php?Rnd1699=0.011535374401977105>. The page header includes the HSR&D logo and the text "Cyber Seminars". The navigation bar contains links: Welcome, Meeting Center, Event Center, Training Center, My WebEx, and Log In. The left sidebar has a red arrow pointing to the "Recorded Sessions" link under the "Attend a Session" section. The main content area is titled "Live Sessions" and includes a search bar, a filter for "Today", and a table for "Today's Sessions".

**Attend a Session**

View Get Info

A registration window will appear. Fill in the requested information and hit the enter key on your keyboard or press the Register button on the form (the registration button is only visible if the registration window is maximized).

The screenshot shows a web browser window titled "Register form - Microsoft Internet Explorer". The address bar is empty. The page has a blue header with the text "Register for Quasi-Experimental Design Improvement Interventions: Strengths and". Below the header, the text "Please provide the following information to register for this recording." is displayed. The form contains the following fields:

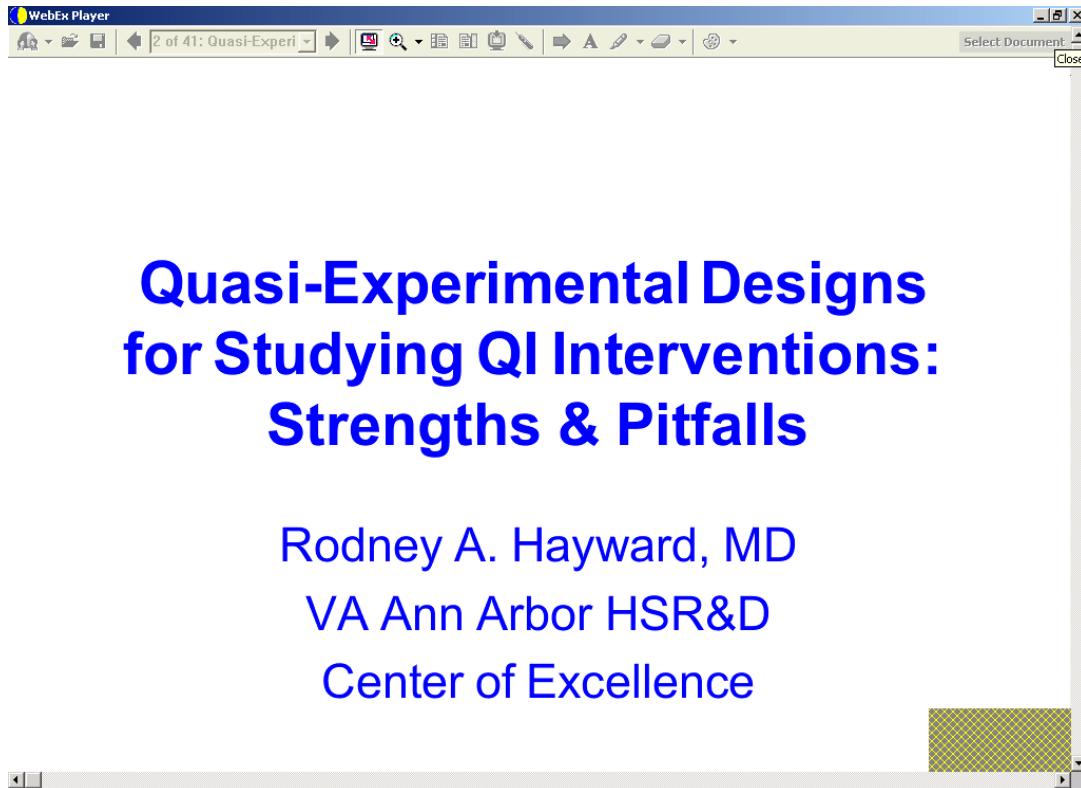

- Recording topic:** Quasi-Experimental Design For Studying Quality In
- Session date:** Wednesday, March 16, 2005
- First name:**  (Required)
- Last name:**  (Required) ← A red arrow points to this field.
- Email address:**  (Required)
- Affiliation:**

The browser's status bar at the bottom shows "Done" and "Internet".

The archived session will begin to play after you have completed the registration form.

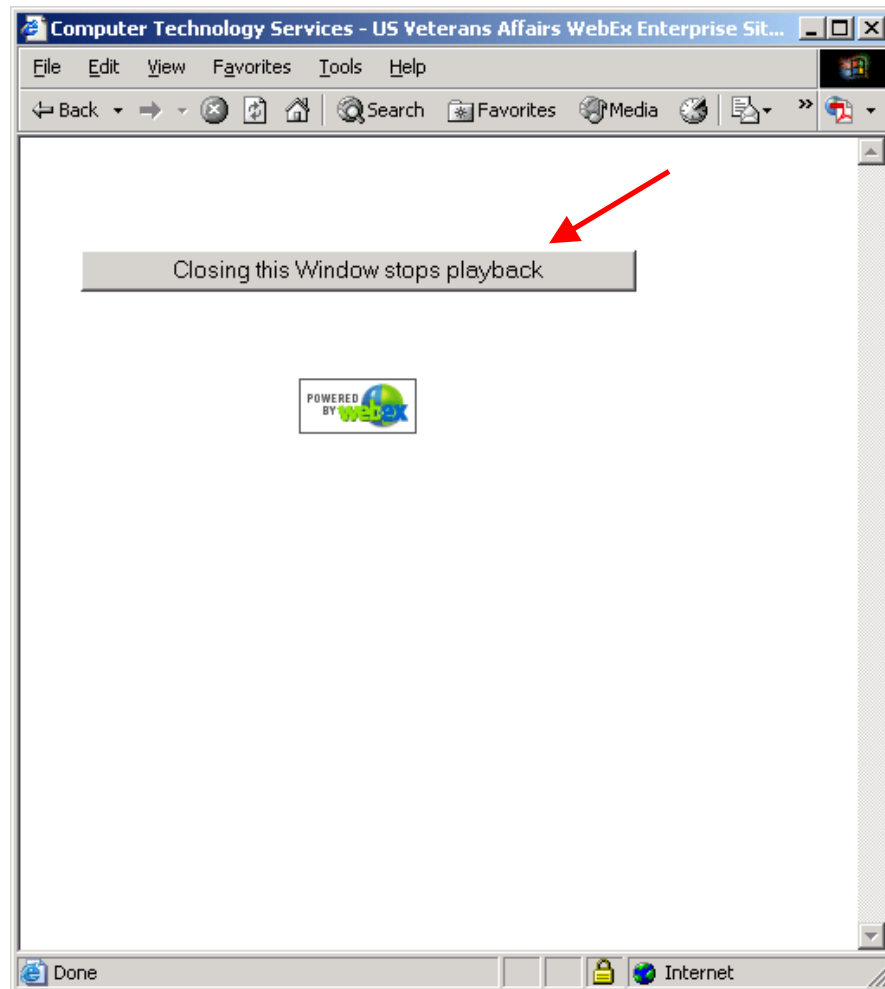

If this is your first time accessing a WebEx recording you will be prompted to download and install WebEx Player then the session recording will start.

To end the playback hit the ESC key on your keyboard and then click the X box in the upper right hand corner of the WebEx Player window.

.....OR.....

Switch to the open web browser window and click on the button to close the window to stop playback

**NOTE:** You may need to adjust the speaker volume on your computer.
